

## In-The-Park Grand Slam Home Runs (1876-2019)

John Tattersall (1910-1981) created, researched and maintained his *Home Run Log*, which identified all home runs hit in the major leagues. After his death in 1981, SABR purchased the Home Run Log and it was continued by Bob McConnell and, later, David Vincent.

Below is a list (subset) of that Home Run Log showing the identified In-The-Park Grand Slam Home Runs (IPHR-GS). Data has been verified by Retrosheet box scores & Play-by-Play info. Some games prior to 1926 have missing data. The FIELDS in each record are:

- Date: Date of the game
- Tm: Team that hit the IPHR-GS
- Lg: League of that team
- Opp: Opponent against which the IPHR-GS was hit
- Batter: Batter which hit the bases-loaded IPHR-GS
- Pitcher: Pitcher against which the IPHR-GS was hit
- Inn: Inning of the game in which the IPHR-GS was hit
- Outs: The number of outs at the time the batter came to bat
- a-b-t: The score at the time (a=ahead, b=behind, & t=tied game)
